### Goodman Properties to Construct Wawa with Gas

Over the next few weeks, Goodman Properties plans to revitalize the site of the former Petco on DeKalb Pike in King of Prussia. The vacant building will be demolished and the property will be redeveloped to accommodate a Wawa with gas.

Known nationwide for its retail shopping, King of Prussia is home to the largest shopping mall in the US in terms of space and size. The site of the future Wawa with gas is within a one mile radius from the mall, on the corner of busy Henderson Road and DeKalb Pike.
